Statement of Vision and Interest

I am excited to join the Board of Directors for Pacific Blue Cross and ensure that the organization remains the number one benefits provider for British Columbians. I believe grounded in inclusive values matched with strong regulatory systems PBC is poised to grow, working with organizations and individuals. I believe with so much awareness of the cost of living, of stress and mental health impacts of everyday life that PBC is well situated as a reliable partner, advocate and leader for people and their communities, both now and in the long term. I look forward to working with other members of the Board to achieve a vision of long-term stability and growth for British Columbians.
